

COMPASS Edger

Wood Floor and Stair Sanding

- 1 Rotating handle and balancing wheel make sanding stair treads and risers a breeze
- 2 Integrated light strip provides excellent work visibility
- 3 Glass-reinforced nylon construction provides strength in a light-weight package
- 4 Removable caster assembly gives stability when edging but removes for maneuverability on stairs
- 5 Rear skid plate provides continuous stability without marking the surface
- 6 Low profile nose allows reach under toe kicks

PRODUCT DESCRIPTION

The Compass provides aggressive sanding performance in a uniquely versatile package. The rotating handle, balancing wheel and bottom slip plate deliver unmatched control while sanding stair risers and treads. For floor edging, the low-profile nose, light weight, and premium work light offer high efficiency with reduced operator fatigue.

RECOMMENDED PRODUCTS

AVAC dust containment systems are the perfect mix of power and portability. At 26, 18, and 12 gallon capacities, all models are easy to transport and are available with optional H.E.P.A. filters.

Our water-based TimberGuard line of floor coatings, cleaners, and sealers offers superior protection for your hardwood floors.

The Legend is the most advanced 'big machine' available. This innovative machine delivers aggressive cutting capability and smooth operation, resulting in exceptionally flat floors.
