EZ-SAND Orbital Sander

American SANDERS — An AMANO Company

1. Safety interlock prevents accidental starts.

2. Die-cast aluminum handle with molded-on rubber grips provides durability and comfort.

3. Rugged 1.5 inch steel handle tube is chrome-plated to prevent corrosion.

4. Rear mounted dust bag allows for excellent visibility.

5. U-Joint style handle base gives the handle maneuverability.

6. Large transport wheels roll easily over uneven surfaces and thresholds.

7. Dust skirt prevents dust from becoming airborne.

8. Lifting handle for easy transportation.

9. Handle is attached to the base with three simple latches - no tools required.

10. The handle sleeve allows the handle to be locked in the upright position for storage, or released for operation.
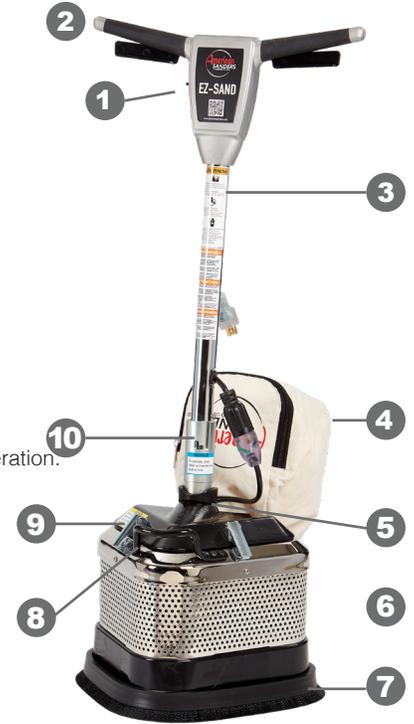

PRODUCT DESCRIPTION

The EZ-Sand features a modular design that allows the handle to quickly separate from the base of the machine. This makes it incredibly easy to transport to and from any home or job-site. The sander is also equipped with a self-contained dust collection system. It may also be connected to a remote vacuum system for optimum dust containment.

RECOMMENDED PRODUCTS

AVAC dust containment systems are the perfect mix of power and portability. The 12 gallon capacity AVAC 12-P is easy to transport and comes with optional H.E.P.A. filters.

Our water-based TimberGuard line of floor coatings, cleaners, and sealers offers superior protection for your hardwood floors.
