

# GYM VAC Dust Containment System

- Twin bag system handles a large quantity of dust and allows longer run times
- 3HP TEFC, Induction motor provides 2500 cfm air flow
- Positive connection to the rider for straight tracking
- Control box w/USB port mounts conveniently on the rider
- Improved sight lines - no bags/horns
- Pneumatic assisted scissor-lift frame collapses for easy transport
- Uses widely available contractor trash bags
- Magnetic bag holder enables fast one-person bag changes
- Power supplied via existing available pigtail on the rider

## PRODUCT DESCRIPTION

No more zipper bags! The American Sanders Gym Vac provides effective, large volume dust collection for a gym sanding setup. Trash bag changeover is quick and allows for longer runtimes, eliminates the need to handle the dust twice, and frees up the staff to tackle other tasks.

## RECOMMENDED PRODUCTS

The American 12 Drum Sander is the worldwide benchmark for professional gym floor sanding equipment.

The Epoch HD-20 is a 20" dual speed, multi-purpose 230V machine perfect for moving quickly through gym floors and other large jobs.
